RE simple song

Hiya Ralph,

Thanks again for Simple Song, the audience loved it at the Eisteddfod the kids did really well and some of them were planning to let you know all about it (am not sure if they will or not). The ensemble worked without a conductor and I think it taught them a lot about listening, following (especially with your work because we played with the speed a little) and playing together.

Jeanette brought one of her primary schools as well, man they just get better!!!!

Hope alls well with you, thanks again for the tip on the music, any other suggestions will be more than welcome.

Cheers

Julie-Ann

P.S. The kids loved getting a personal letter from the composer of a work!
