

Hultgren – Morgan email re Trombone Concertino

20 Sep 2005

Hi Michael,

I would very much like to include him. I would like to have him do something around that dance them idea we talked of. That would fifty with the May concert otherwise it would be something for the concerts later in the year or the Coast to Coast idea. I would be pleased top chat with him if you thought that might be better. Are you serious about me writing him something?

Cheers

Hi,

Jamie and I met yesterday and we are moving ahead for the May concert. I am sure we can get something that will allow him to display his skills and musicianship.

Thank you for your enthusiasm!

Cheers

Ralph
