Congratulations!

I would be pleased to consider Aust Rhapsody as you suggest but how soon would you need it to make it work? How much do you have to spend?

Maybe a couple of other simple things I have that would easily arrange/transcribe? Let me know

Hi Brad,

I would do 2 or 3 little things for a - - that is, all parts done and score for you and edits as you find concerns in rehearsal etc. That's about 100 per minute which is very cheap so please keep it to yourself. I know it's Ed Qld but they will say there is no money and it could be a good thing for your kids to do so....

Given the time frame etc it will need to be defined very soon.

Let me know as soon as you can so I can fit it into my schedule.

Hi,

Do you have time to visit this afternoon?

I am free now

Hi Brad,

That's all terrific!

If you would like me to get together with you and the students please suggest some times. I would be thrilled to do so!

Hi Brad,

I rehearse Saturday mornings but I will try to manage something.

Cheers

Dear Brad,

I apologise to you and your students for my non attendance last evening at the premiere of my work.

There is no excuse though some very good reasons - significant serious family illness etc - that have taken over my thoughts in a monumental way in the last week or so.

I feel like I have let you down and a major way and I am so very sorry. I know you will appreciate I would never do something like this with intent. I am very aware of your support for my work and I am thrilled to have had the opportunity to write for you and your students. I am sorry I am a bit of a mindless person at present

My best wishes for the trip and I do apologise again. Please pass these thoughts on to the students. Their endeavours on my behalf are most valuable to me.

Hi,

I am in Mackay from that morning until the next preparing a new prof deve program for the instructors up that way. I can't believe I am so incompetent at present!

Will it be recorded?
