

## Simple song comments from children – 5<sup>th</sup> grade students from Victoria, Australia

Hi Ralph,

We had our final rehearsal and easter eggs this morning! Here's the comments from the girls that I've gathered.

The most poignant comment is probably the funal one, from a percussionist! All the girls except the top 2 are from grades-5 - 8. They are a couple of Year 10's that play with the little ones because they love playing!!

Have a great easter and thanks for the Mid West blurb.

All the best,

Geoff
