

Email correspondence Staines – Hultgren re Flourish Intermezzo and March.

This process also included discussion around Gavin running a festival in which the commission was a required performance piece.

It should also be noted that some of the email has been lost due to technical hitches – of course!

Hi Gavin,

Good to chat this morning and know that all is still go. I thought I would email before I leave for the airport.

I would like to confirm:

The date for the event.

The levels we discussed are still what we are looking at for the various sections for the festival. That way I can make sure I choose correctly.

Confirm details for the commission so I can prepare a contract (who is the commissioner etc)

I will act on this as soon as I can when I get back. I go to Rockhampton next Wednesday so I might not get to this before I return from there - only a day trip.

Hope all is well for you mate!

Hi Gavin,

I will put a contract together (Chatswood as commissioner?) and get it to you. I will endeavour to have the work at the time you require - as close as I can get mate!

I am prepared to do the copies and preparation of each set for each band if you like. Tell me how many sets and I will have them made up for you.

Cheers

Ralph

Hi Gavin,

Just to tighten some matters up I have done a quote. We have talked across a number of things and I am trying to get my head straight about all the ifs and wherefores. Let me know what you think. I am very pleased with the concept and very happy to help you out with this. The matter of fact manner of some of these dot points is for your school administration of the like. It's not a hand shake between gentlemen with them.

Hope I have got it together reasonably close to what we have discussed over the last few months

Best wishes mate!

Hi Gavin,

I hope your Easter was safe and blessed mate!

I am on the last bit of the score of Flourish, Intermezzo and March and I need to acknowledgement which will be placed on the top of the score and each part. This is very urgent so I can get the score and parts to you for a run through with your crew. It needs to be done now as it is a messy process 'after the fact.

Thanks mate!

Ralph

Thanks Gavin,

Yes, we had a very blessed Easter time and a great holiday - I read a book! Amazing really

I will get at the score, extract the parts and send them on as PDF's so you can try them with your band, find the errors/inconsistencies and let me know before I start to prepare the 'good' set.

Best wishes mate!
